

MUHAMMED ANAS . M

Front End Developer (React js)

Seasoned Frontend Developer specializing in React.js, dedicated to building responsive and user-friendly web applications. Proficient in writing clean, maintainable code, optimizing performance, and ensuring seamless UI/UX experiences. Experienced in troubleshooting, debugging, and implementing scalable solutions. Strong collaborator, working effectively in cross-functional teams to deliver high-quality projects on time.

WORK EXPERIENCE

[2.8 Years]

Front End Developer | React js

Zinfog Codelabs

Aug 2022 - Present

- Developed and implemented dynamic React.js components for enhanced user interfaces.
- Translated wireframes into responsive, high-quality code with a focus on reusability.
- Collaborated effectively with designers, product managers, and backend teams to deliver integrated solutions.

Front End Developer | Trainee

Mentegoz Technology

Mar 2022

- Translated design concepts into pixel-perfect web pages using HTML, CSS, and JavaScript.
- Accurately implemented design specifications into final products, optimizing for usability.
- Utilized CSS frameworks like Bootstrap and Flexbox/Grid to create responsive layouts.

PROJECTS

SWA DIAMONDS

swa.co/

- **Developed a dynamic and responsive frontend** using **React.js**, ensuring a seamless user experience
- **Integrated with a Django-powered backend**, enabling robust and scalable server-side operations.
- **Implemented key features** like personalized recommendations, secure payments, and high-quality product images.
- **Optimized performance** for fast loading, easy navigation, and a smooth shopping experience.

ERP Projects

- Spearheaded the development of multiple ERP systems using **React.js**, **Axios** for seamless API integration, and **Redux** for centralized data management.
- Delivered visually rich and responsive user interfaces with **MUI** and **Ant Design**, ensuring consistency and usability across platforms.

Gulftech

gulftechttestapp.zinfo.in/

- **Led the end-to-end frontend development**, designing the system flow and participating in key project discussions and decisions.
- **Developed and integrated the Point of Sales (POS)** section, ensuring smooth operations and real-time updates for supermarket management.
- **Implemented features for quotations, invoicing, and ordering**, improving transaction efficiency and inventory tracking
- **Optimized the user interface for seamless interaction**, ensuring a **responsive and intuitive experience** for supermarket staff and customers.
